

LADY WISDOM

PROVERBS 3-13-18 & 4

Verse

You're worrying about tomorrow
Problems are in demand
Trying to make right decisions
You need a little helping hand

You're looking for new solutions
For problems to fade away
Trying to find the answers
Bugging you everyday

(Chorus)

**If you don't have all the answers
And you need to make a plan
Ask the Lord to bless you
And He'll lead you by the hand
So ask the Lord for Lady Wisdom
Ask Him from the start
Ask the Lord for discernment too
Ask him with all of your heart.**

(Guitar solo)

(Chorus)

Verse

The man who finds Lady Wisdom
Will always have happiness
If you love her she will keep you
And you will have peace and rest

All the things you desire
Can't compare to her
She has length of days
Rich and honor's her way
Helps a man to understand

(Repeat Chorus)
